

Montana Federal Credit Union Mobile Deposit Capture

Mobile Deposit Tips

- ❖ Always endorse your check, just as you would when depositing it at one of our branches
- ❖ Take photos of your checks in an area with good, but indirect, lighting, preferably on a solid color, dark surface.
- ❖ Make sure the bottom of the check is aligned with the base guideline on the camera when taking a picture of your check.
- ❖ Make sure the entire check appears in the camera guidelines and fills the space as much as possible.
- ❖ After you submit your check, please reference the History section to confirm verification of submission of your check. This will assure you that we have, in fact, accepted the check that you deposited.
- ❖ Keep your checks for 30 days after depositing through Mobile Deposit.

Always remember to log out of our mobile app when you are finished with your banking. Our wish is to keep your accounts secure at all times!
